

# Let VMAP for Moms+ Buy You Lunch!

**We bring lunch, you bring your team!**

VMAP for Moms+ is a state-funded program available at **no cost** to Virginia prescribers who treat pregnant or postpartum people. We will come to your practice (or meet with you virtually!) and share the following with your providers:

- ▶ How to utilize the VMAP for Moms+ Line to support your pregnant and postpartum patients
- ▶ VMAP for Moms+ continuing education opportunities on perinatal mental health

**Optional:** VMAP for Moms+ can include additional education for your team on specific mental health issues that you see at your practice.

Contact us at [momsplus@vmap.org](mailto:momsplus@vmap.org) to schedule your **FREE** lunch & learn!
